TSB0709 ’09 65 engine components

November 18, 2008

The engine cases and cylinder used on 2008 CX65 have been replaced for 2009 and are no longer available for service replacement. Also, the 2008 cylinder is no longer available for service replacement. Older model cases, cylinder and head can be used interchangeably as long as appropriate base gaskets are used to achieve the acceptable squish clearance.
