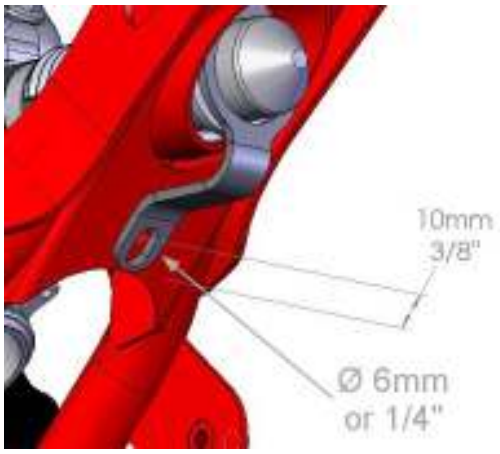
Power Valve Mounting Upgrade for 2012 CX65

November 8, 2012

Cobra is offering the 2013 CX65 power valve solenoid mounting system to customers with 2012 CX65 models.

The kit is EKC60003 and includes the following parts:

Component	Cobra part #
Bracket – PV clamping	FCC60064
Cap – PV solenoid	ECC60156
Spring – PV cap loading	ECC60151
Bolt – M6 x 16 flange head	HCBF0616
6mm Clip-Nut	HCHA0003


To apply the kit, the frame must be modified by the addition of a single ¼" or 6.5mm hole centrally located 10mm (3/8") up from the bottom of the down tube. It would also be possible to locate the mounting hole by installing the clamp bracket in place by hand and marking the hole location.
