TSB0908 2005-2007 King Expansion Chamber

January 14, 2008

This TSB effectively nullifies prior Cobra TSB0608 which stated that the expansion chamber for the 2005 – 2007 King (XCKG2005) had become obsolete.

Cobra does again have a limited supply of XCKG2005 expansion chambers available which means that it still remains as the standard replacement part for the 2005 - 2007 Kings.

Customers receiving Cobra expansion chamber XCKG2008 OR XCCS2008 have been notified and have received the proper expansion chamber.
