Carburetor Slides for 50's

Cobra has found that the 50cc bikes idle better and are less likely to 'bog' with a shorter physical slide. The standard slide is 27.5mm long. Cobra is using a 26.0mm long version.

	Cobra Number (26.0mm)	Cobra Number (27.5mm)
30 slide	RCMU0330	RCUM0031
40 slide	RCMU0340	RCMU0305
50 slide	RCMU0350	RCMU0250
60 slide	RCMU0360	ECKG0160
