TSB0424 update
CX5e 1kWh Battery Upgrade to 60V

From this time on, all Cobra CX5e racing motorcycles will be built with 60V system. Current owners of 2024 Model CX5e models will get the upgrade at $0. ~~2023 owners may purchase at a reasonably discounted price~~. Pricing is discussed in detail in CSB0124 (Cobra Sales Bulletin).

This upgrade is not AMA legal for 2023 E5 products.

The upgrade consists of a different battery, charger (if necessary), and a firmware update to the RDU (Rider Display Unit).

Item	48V	60V
Battery	DCCE10001MP	DCCE10060MP
Delta Q charger (works for both systems)	DAMU0001	DAMU0001
