TSB0226B Next Version CX-E Battery

Update (B) added CX-3E information

From this point forward, Cobra will be shipping, selling, and installing in new bikes, batteries with removable customer interface connectors (Interposers).

Customers with Pre 2026 CX-5E will need a kit that changes the 'tank / dash panel – shroud holder' along with the bike side power harness.

Customers with Pre 2026 CX-3E will need a kit that changes the right side louver along with the bike side power harness.

Interposer style batteries are the only batteries Cobra will be shipping/selling for E bikes going back to 2023, 60V or 48V.

Part numbers and details of the kit for CX-5E are below.
